The grants in respect of the municipalities in the Western Dn require the orders of the Dy C to whom therefore this is ~~addressed~~ submitted for favor of early orders.

its administration moved to the Dept of Govt.

The periodic of camps disinfecting arrangements & all such as are immediately connected with plague admin may still be undertaken by that Dept. But I do not see the principle on which the separation of Chamber of Sanitary Improvement & Measures from the usual administrative Dept is allowed to be continued — this Dept & plague Dept. I think this is an inexpedient as objectionable as principle — This aspect of the case must be laid before the Secretary of State for his consd & orders

7.9.99

Noted to the Secretary of State 12-9-99.

I may be allowed to point out that Mr Krishnamurti is laboring under a misconception both as regards the purpose & agency for which funds were asked. The purpose is "ordinary sanitation" & the agency is "the ordinary Dept of Govt". The horrors of plague dept has nothing to do with it. The necessity for this "ordinary sanitation" was emphasized by the threatened appearance of plague and the obvious connection of the plague dept with the question.

27.11.99

Minutes a general question and the answer is required as to the powers of Municipalities to undertake operations necessary for sanitation at municipal expense.
